

Temple Christian School

English Proficiency Standards for Admission

Each applicant's English proficiency is evaluated with the TOEFL, TOEFL Jr.*, or iTEP SLATE** test scores to determine admission to the Temple Christian School International I-20 Student Program. A combination of test scores, and a Skype interview will be used to determine the admission decision. Below is a general guideline for test scores. In order to succeed in the International I-20 Student Program's academic curriculum, it has been found that students within the "Generally Acceptable" range do very well at TCS.

Level	TOEFL iBT	TOEFL Jr. Standard	iTEP SLATE
Below Acceptable	Less than 50	Less than 730	Less than 3
May be accepted on a conditional basis	50-80	730-800	3-4
Generally Acceptable	Higher than 80	Higher than 800	Higher than 4

*TOEFL Jr. is for ages 11-16, but we recommend applicants seeking to enter our high school to submit a TOEFL iBT test score

**iTEP SLATE must be administered at a certified (public) testing center
